GREAT GUNS WANTED

The Government Commission Explains Just What is Desired.

A CHANCE FOR PITTSBURG PLUCK.

All Big Cannon Made by Private Parties Will be Purchased

PROVIDING THEY STAND THE TESTS. The Bequirements Necessary to Pass the Ordeal

Successfully.

The Secretary of War has approved regulations providing for the trial and acceptance of big guns manufactured by private parties. The idea is to encourage such manufacture to the greatest possible extent. The cannon accepted will be paid for at a valuation fixed by an impartial board.

WASHINGTON, April 10 .- The Army Fortification Board, which has been holding session at the War Department during the past winter, has drawn up a set of rules to govern the tests of experimental guns. The act creating the board provides that it shall prescribe the dimensions and method of testing guns of 10 or 12 inches caliber that may be submitted by private parties, and if any gun offered shall fulfill the reguirements as to accuracy, range, power, endurance and general efficiency, then the gun and ammunition (which is to be furnished with the gun) shall be paid for at a fair valuation, including cost of transporta-

A contract is also to be made at reasonable prices with the party presenting the best of such guns for a further supply. The board has accordingly formulated the following conditions, which have been approved by the Secretary of War:

by the Secretary of War:

The 16-inch gun shall be about 30 tons in weight, the length 34 calibers, measured from the face of the obturator to the face of the muzzle. It is desirable that the trannions be 12 inches in diameter, and the distance between rim bases 42 inches in order to avoid the necessity for a special carriage.

THE ENERGY BEQUIRED. The power must be a muzzle energy of not less than 15,000 foot tens; the range shall be for 20 degrees elevation, be 13,650 yards, and corres-

ponding ranges shall be obtained with lower elevations. The requirements as to accuracy

elevations. The requirements as to accuracy are that 25 per cent of the shots shall strike within a vertical rectangle, 1.4 feet by I foot at 1.5.0 yards range, and within a horizontal rectangle 48.5 yards by 9.2 yards at 10,000 yards range. The endurance test shall not be less than 300 pounds with full charges.

After 250 or more rounds have been fired the gun may be lined wholly or in part, when at least 30 rounds more will be fired to fully test the strength of the construction. After this the general soundness and efficiency of the gun stoodd not be materially impaired, except so far as may have resulted from erosion. Should any material modification of the construction be made during the trial, at least 50 rounds, with full charges, shall be fired thereafter. The weight of projectile to be used with the full charge shall be about 575 pounds.

Three hundred rounds of ammunition shall be "proper" amount to be supplied with the gun for test. As a proof of general efficiency the breech mechanism should work freely and be convenient for operating, the opening and cleans of the hearter of the proper of the present to the particular of the heart of the proper of the heart of the proper of the heart of the proper of the heart of the present to the particular of the heart of the proper of the heart o

the breech mechanism should work freely and be convenient for operating, the opening and closing of the breech to be performed without great difficulty by one man. The projectile shall adunt of being readily handled, inserted and centered in the bore, and not be subject to injury or deformation either in handling or transportation. A rapidity of fire of 15 rounds per hour shall be attainable, using such appliances for loading as are employed by the ordnance department of the United States Army. NECESSARY REPAIRS.

The repairs allowable during the entire trial of a gun, exclusive of the insertion of a lining tube, will be confined to repairing or renewing parts injured during the trial. No alterations that may affect the general construction of that may affect the general construction of any part will be made without the sanction of the board. For the 12-inch gun the weight is to be about \$2\$ tons, the bore \$4\$ calibers, and it is desired that the trunnions be 14.5 inches in diameter, and \$4.8 inches between rim bases.

The power is to be not less than 26,000 foot tons, the range 14,700 yards at 20 degrees elevation; the accuracy the same as the 10-inch gun, endurance not less than 250 rounds (a lining may be inserted after 200 rounds); the weight of projectile about 1,000 nounds and the

gun, endurance not less than 250 rounds (a lining may be inserted after 200 rounds); the weight of projectile about 1,000 rounds); the weight of projectile about 1,000 rounds, and the other conditions are to be the same as in the case of the 10-rounds gun, except that a fire of 10 rounds per hour shall be attainable. The experimental gun should be submitted for test as soon as practicable, and within three years from date. It is not considered practicable for the board to determine, at this time, what will be a "fair valuation" of an experimental gun which shall have fulfilled the requirements prescribed, nor what process should be "reasonable" for a further supply of similar guns.

It is believed to be better on all accounts to leave these questions for determination after the actual cost and value of such guns can be known, it being understood as the entry of the Board to act in such matter with entire impartiality as between the United States and any party who shall attempt to supply the desired guns. It is uncerstood, however, that the Board is disposed to deal in a liberal spirit with parties submitting the guns with a view to carrying out the evident purpose of the act of Congress, which was to encourage the development in the United States of works capable of supplying the needs of the country in the way of seacoast and other kindred defenses.

FARMER M'CLAUGHREY FREE.

He Walks Out Into the Sunlight, and Don't

SPECIAL TELEGRAM TO THE DISPATCH. CHICAGO, April 10 .- Old Farmer Mc-Claughrey, who was sentenced to the penitentiary for two years for swindling Cook county while acting as a County Commissioner, was released to-day, having been pardoned by Governor Fifer one snorth before the expiration of his sentence. When all the boodlers were sentenced, old Mc-Claughrey was the only one to take his grael without appealing to the Supreme Court. He went to Joliet on the first train, and thus goes free almost a year before the

A convict asked the old man last night if he was going to go home in the evening, as is the custom of prisoners when released. McClaughrey straightened himself up and replied in his homely way: "Not much, I ain't. I kem here in the broad light of day, and now that I can go away I'm not goin' to sneak off in the dark like a criminal. I'm going out in the morning in the bright sun-light, and I don't care a copper whose around to see me go, either."

ILLINOIS WILL STAY WET.

No Prohibitory Amendment Will be Submitted by the Legislature.

SPRINGFIELD, ILL., April 10 .- In the House this afternoon the resolution providing for the submission of a prohibition amendment to the Constitution came up as a special order, and Representative Hunter moved the previous question on its adoption. Several members wanted to discuss the matter, but Hunter's motion prevailed and no one was given an opportunity to explain his vote.

The resolution received 79 affirmative and 49 negative votes. Twenty-four members were absent or did not vote. The resolution not having an affirmative vote of two-thirds of the members was defeated.

THE LADIES GATHER TOGETHER.

Sixth Annual Convention of the American McAll Association.

PHILADELPHIA, April 10.-The sixth annual meeting of the American McAll Association was opened in the First Baptist Church, Broad and Arch streets, to-day. There were about 200 ladies present, the majority of whom are delegates from the various auxiliaries scattered throughout the country. After the roll call of delegates gates the committees on nomination of offi cers, devotional exercises, resolutions and enrollment of delegates were named.

Mrs. James A. Garfield, first Vice President of the Association, sent a letter regreting her inability to be present.

BOLD, BAD BURGLARS.

Vilinge Terrifled by a Band of Midnight Marauders-Mad Dogs Becoming Epidemic-All the News From the Nearby Towns.

SEPECIAL TELEGRAM TO THE DISPATCH. 1 NEW CASTLE, April 10 .- Mahoningtown, village of 200 inhabitants, situated two miles from this place, was visited last night by a band of burglars. Miss Mary Smith, who rooms above her brother's general store, was awakened about 11:20 o'clock by hearing someone in the store. She began to scream and ran to the front window. Four men rushed from the store and one commanded her to stop screaming. She continued, when the fellot-drew a revolver and fired, the bullet lodging in the window sash immediately above Miss Smith's head. The men then ran away. In the morning it was discovered that Dr Robinson's drugstore was entered, and the post-office, which is in the same building, robbed of stamps. The robbers also carried off a lot of tobacco and cigars from the drugstore. Bert

tobacce and cigars from the drugstore. Bert Grace's meat market was also entered and a small amount of money taken from the cash drawer. An attempt was made to get into Dr. Nevins' residence, but was unsuccessful. Robberies have been frequent of late in Mahoningtown. The citizens are thoroughly alarmed and the sale of revolvers during the past ten hours has been great.

A MAD DOG EPIDEMIC. One West Virginia Community in a State of

Wild Excitement. PARKERSBURG, April 10, - The people PARKERSBURG, April 10.—The people of Tyler county, especially along and near the railroad, are very much excited over the appearance of dozens of mad dogs. On last Friday a large dog owned by Captain W. H. Henderson, of Long Reach, went mad and attacked and bit every animal and living thing within its reach. The brute attempted to bite Mr. Henderson, but fortunately and tore his clathing. derson, but fortunately only tore his clothing before the farmer succeeded in getting out of his reach. That night it attacked the animals on Colonel Dan Johnson's farm, and when the Colonel went out to defend his stock, the brute sprang at him and caught him by the sleeve of

Colonel Johnson, who was armed with an iron colonel Johnson, who was armed with abliful poker, beat the dog off before it inflicted a fiesh wound. The mad animal then started across the country along the railroad, attacking and biting dogs, horses, cows and everything within its reach. A number of men armed themselves and started after it on a hand car, but did not come up with it until after it had run eight or nine miles, when they shot and killed it. The country is now believed to be full of bitten animals. A general hunt is in propriess and every animal suspected hunt is in progress and every animal suspected of having been bitten will be killed. There is great uneasiness among the people.

HIS NARROW ESCAPE.

An Almost Fatal Accident to a Prominen Conl and Stone Contractor.

ISPECIAL TELEGRAM TO THE DISPATCH. 1 ZANESVILLE, April 10 .- Joseph Qualey, eminent coal and stone contractor in this vicinity, was seriously injured at Fultonham, a few miles west of this city, this afternoon. He was standing on a small elevated tramway used for running small cars of stone to the railway track for loading, when he was knocked railway trace for foating, when he was stocked off and fell a distance of 23 feet to the ground. The tramcar also fell on top of him. He was badly crushed, and, it is feared, received internal injuries. His escape from instant death is a miracle. He was taken to Columbus on a special train this evening.

Railrond Improvements Contemplated.

PEPECIAL TELEGRAM TO THE DISPATCH. PARKERSBURG, W. VA., April 10.-A railroad meeting of great importance to the interoad meeting of great importance to the interior counties took place to-day at Weston.
Lewis county. The meeting was held for the purpose of consolidating the two companies, which now own the Clarksburg and Weston Narrow Gauge Railway, and for the purpose of changing the gauge and extending the road to Braxton C. H.

A Pension Shark Arrested.

ISPECIAL TELEGRAM TO THE DISPATCH. CHARLESTON, W. VA., April 10. Another pension shark has been captured by the Federal authorities, in the person of Cyrus Trough, who was arrested yesterday by Detective Roome upon the charge of defrauding Mrs. Sarah Hansford, a widow, out of \$400, which sum, it is alleged, was extorted as a fee for pro-curing her a pension. He was lodged in jail at Clarksburg.

Some Rather Weighty Castings.

PEPECIAL TELEGRAM TO THE DISPATCE. ALLIANCE, April 10.-A steam hamme housing weighing 40 tons has been successfully cast in the dorgan Engineering Company's foundry. A duplicate will be cast in a few days. It is claimed they are the heaviest ever cast in this country.

Tri-State Brevities.

"Rep-Nosed Mike," the murderer of Mc-Clure, is suffering from heart disease, and may not live to be hanged.

WILLIAM CAMERON was beaten to death at Otway, O., by his two brothers-in-law, in a fam-ily quarrel. The murderers have fled. An effort is being made in Salem to secure

the repeal of the local prohibitory ordinance.
The newly-elected Council is believed to be in favor of such action. JOHN MILLER, a blacksmith of Jeannette, was instantly killed by a west-bound freight train at that place last evening. He was about 45 years of age, and leaves a wife and two chil-

ANOTHER attempt was made to wreck the Chicago limited at Louisville, a few miles west of Alliance, Tuesday night. Ties were strapped across the rails, and were discovered just in the nick of time.

THE county of York lays claim to having the oldest postmaster in the State, and probably one of the oldest in point of service of any in the United States. John Logan was appointed postmaster at Cross Roads by President Van Buren in 1839. He has occupied the position

BARNUM'S CIRCUS

Could Not Have Drawn a Bigger Crowd of People Nor Occasioned a More Complete Series of Surprises Than Were Occasioned This Morning at Gusky's

First great Monday's sale of Men'sand Boys' Suits held to-day. So great was the business. So phenomenal the rush that Gusky's have determined to continue this sale all this week. Now let us give you a word of warning! You know that to be forewarned is to be forearmed. A mad dog will bite anybody-so will the clothing sharks, curbstone dealers, petty dives and brainless imitators. Give 'em a chance and they will bite your pocketbook clear through the middle; and worse yet, they will lie to you in every way they can to induce you to buy their old shop-worn and shoddy goods. They will advertise "new goods" when they have not received a single fresh article; they will claim that their "goods are the best" when in reality they are shop-worn, threadbare garments left over from past seasons, and they won't hesitate to declare their prices "the lowest," when it is as true as truth itself that Gusky's always have and always will undersell them all. Keep your eye on these imitators; watch their advertisements, and you will see our predictions and assertions are well founded. But let them talk and blow as they please; Gusky's are far above and beyond all would-be competitors.-From "Chronicle Telegraph" of Monday, April 8, 1889.
